

GM Vehicle Calibration Information (selected calibration)

VIN:	1G1FX6S02H4186692
Controller:	A11 Radio
Function:	Programming
Programming Type:	Normal
Audio System:	RPO IOB (Audio System)

Calibration History for: **Tuner**

Part Number	CVN	Bulletin #	Description
42562265	000088E1	-	New calibrations to accommodate revised operating system parameters.
42352299	0000CD65	-	Tuner

Calibration History for: **Audio**

Part Number	CVN	Bulletin #	Description
42573457	00000732	-	New calibrations to increase default volume level for voice prompts.
42569382	00003406	-	New calibrations to address chime issue.
42562254	00000C0C	-	New calibrations to accommodate revised operating system parameters.
42547095	N/A	-	Audio

Calibration History for: **Equalizer**

Part Number	CVN	Bulletin #	Description
42562267	0000BE46	-	New calibrations to accommodate revised operating system parameters.
42352292	N/A	-	Equalizer

Calibration History for: **Illumination**

--	--	--	--

Part Number	CVN	Bulletin #	Description
42562239	0000C6FC	-	New calibrations to accommodate revised operating system parameters.
42352291	N/A	-	Illumination

Calibration History for: **System**

Part Number	CVN	Bulletin #	Description
42588083	00003E23	-	New calibrations to coordinate with operating system release.
42562244	00002420	-	New calibrations to accommodate revised operating system parameters.
42542561	000066C1	-	New calibrations for start of production.
42352286	0000F8A1	-	System

Calibration History for: **Salesmake/Brand**

Part Number	CVN	Bulletin #	Description
42562251	00004ED9	-	New calibrations to accommodate revised operating system parameters.
42352284	N/A	-	Salesmake/Brand

Calibration History for: **Language**

Part Number	CVN	Bulletin #	Description
42562253	0000AC37	-	New calibrations to accommodate revised operating system parameters.
42556488	000006A9	-	New calibrations for start of production.
42352282	0000850B	-	Language

Calibration History for: **Controls**

Part Number	CVN	Bulletin #	Description
42562227	0000CF62	-	New calibrations to accommodate revised operating system parameters.
42352270	N/A	-	Controls

Calibration History for: **Rear View Camera**

Part	CVN	Bulletin	Description
-------------	------------	-----------------	--------------------

Number		#	
42562264	0000C514	-	New calibrations to accommodate revised operating system parameters.
42352269	0000B671	-	Rear View Camera

Calibration History for: **Wireless Communication**

Part Number	CVN	Bulletin #	Description
42573773	00000B71	-	New calibrations to support over-the-air programming.
42562269	00009BB7	-	New calibrations to accommodate revised operating system parameters.
42556489	00005A76	-	New calibrations for start of production.
42352262	N/A	-	Wireless Communication

Calibration History for: **Hands-Free Tuning**

Part Number	CVN	Bulletin #	Description
42562273	0000B381	-	New calibrations to accommodate revised operating system parameters.
42542186	N/A	-	Hands-Free Tuning
